Sir:

Applicant files this Supplemental Response to the Office Action mailed May 19, 2004 and in response to the Advisory Action mailed December 21, 2005. Please consider this paper as a Request for Continued Examination and as a petition for five months extension.

Reconsideration and allowance of the above-identified application is respectfully requested. Claims 102-205 are pending in the present application.

Submitted with this Response is new, non-cumulative scientific evidence further demonstrating the existence of lower energy states of hydrogen in a number of different ways, including, but not limited to, studies of spectroscopic lines, energy output, compositions of matter, generated plasmas, and inverted hydrogen populations. As detailed below, Applicant also identifies independent third-party data pursuant to the PTO's agreement, which evidence resulted in verbal confirmation by Examiner Wayne Langel that two BlackLight applications formally handled by him were allowable before
